- 40.3 A discussion also took place about the number of face to face meetings that SE are holding that require Regional staff attendance. This is expensive both in cash and time. With most staff only parttime it could take a full weeks workhours as well as mileage and hotel and subsistence costs.

Whilst the region does not wish to curtail the 'working together' ethos the Board has asked CR to raise the structure of meetings and frequency as these are on top of other frequent online meetings.

41 New clubs

41.1 Plymouth College application still in the consultation process. It is due to go to the Operations Committee on 4th November.

45.6 Para swimming development camp

45.6.1 Team Bath AS have stated an interest in hosting a development camp next July. 45.6.2 A discussion followed. It was decided that as the pools have already been booked we would not be amending at this time.

When we decide on the location of the camps we take into account the suitability of the pools for early para swimmers as well as moving around the region to make it accessible to everyone. We are in Marlborough College this month, Taunton School in April and Exeter in July.

We also have to look at other users if we are sharing the pool as if it is too noisy this can impact some of our proposed athletes.

We will ask Team Bath AS some of these questions re the facilities for clarification.

Swim England South West Draft Budget – 2025 2nd October 2024

1. Purpose

- 1.1 The purpose of this report is to start the process of finalising the budget for Swim England South West for 2025. The report has been produced against continuing increases in hire costs and additional staffing requirements as previously agreed by the Board.
- 1.2 The initial draft budget has been prepared based on income and expenditure during 2024. Further work will be required with each of the individual disciplines prior to the end of the current financial year on 31st December 2024. For the purposes of this report the current year's figures are included as the basis of further discussions with each discipline.
- 1.3 The report covers the following areas;
 - Discipline Budget requirements
 - Administration and Governance
 - Affiliation/Membership Fees
 - Clerical Expenses Policy
 - Remuneration Policy for Regional Events
 - Reserves

2. Discipline Budget Requests

- 2.1 The net budget requirements for each discipline and related events are shown in Appendix A.
- 2.2 At this point, the total budget requirement that are not funded through income raised by the individual disciplines is £69,200 and includes the Club Development Committee, and the International Swim Meet. This is compared to £70,200 in 2024.
- 2.3 Each discipline will be issued with its own profit and loss statement for the year to date (30/09/24) to enable further discussions to take place to determine the actual level of funding required by each discipline.

Recommendation

Approve the 'Discipline' budget of £69,200 subject to final discussions with each discipline.

Agreed unanimously

3. Administration and Governance

- 3.1 The net budget requirements for all areas are included in Appendix A.
- 3.2 The budget requirement for Administration and Governance £147,000 compared to £139,125 in 2024. The primary reason for the increase is due to the additional staffing of Safeguarding Officer and Regional Office Manager.
- 3.3 The Administration and Office Costs budget lines have been reduced by a total figure of £9,000 based on the actual level of expenditure to date in 2024.

Recommendation

Approve the 'Administration and Governance' budget of £147,000 for 2025. Officer.

Agreed Unanimously

4. Other Budget Requirements

- 4.1 The total budget requirement is £238,600 for 2025 compared to £249,225 in 2024.
- 4.2 The total budget requirement for all other activities including Other Administration, Development and Officials is £22,400 for 2025 compared to £39,900 in 2024 and the majority of the reduction has been achieved by reducing the Administration and Governance requirements.

Recommendation

Approve the total budget requirement of £238,600 for 2025 subject to any further review before 31st December 2024.

Agreed Unanimously

5. Affiliation/Membership Fees

5.1 The affiliation fees for 2025 will be

Club Train 4.50 Club Compete 6.50 Club Support 2.50 Club Fee 105.00

- As a primary source of income, the amount of all fees received as at 30th September 2024 is £108,345. The membership numbers for Club Compete have remained consistent with that for 2023.
- 5.3 The estimated income based on current membership numbers to be received in 2025 will be £116,740.

This was previously agreed via email

6. Clerical Expenses Policy

- 6.1 A copy of the Clerical Expenses Policy is attached as Appendix B.
- 6.2 The policy is based on the average broadband costs plus an additional element for incidental stationery items. Paper can be claimed from the Regional Office and other costs including mileage, subsistence and print toners are claimed as additional expenses.
- 6.3 The current payments are;

•	Officers of the Region	£500
•	Discipline Secretaries/Managers	£400
•	Discipline Administrators	£150

6.4 BT Fibre Broadband costs vary according to the level of service and whether a landline is included or not. Full Fibre starts at £38.99.

Recommendation

The Clerical Expenses Policy is unchanged for 2025

Agreed Unanimously

7. Remuneration Policy for Regional Events

- 7.1 A copy of the Remuneration Policy for Regional Events is attached as Appendix C.
- 7.2 Swim England have not published any revised rates for 2025. However, it has become increasingly difficult to recruit people for the relevant events and therefore we should consider options in terms of increasing the fees.
- 7.3 This could be based on a straightforward percentage increase or potentially applying travel expenses in addition to the actual rate of pay. The cost of either approach needs to be fully evaluated prior to making a final decision.

Recommendation

The basis of the Remuneration Policy for Regional Events is unchanged for 2025 but a further review is undertaken of how the rates could effectively be increased.

Agreed Unanimously

8. Reserves

- 8.1 It is prudent that the region maintains adequate reserves although there are various recommendations as to how long a period those reserves should cover any relevant contractual commitments.
- 8.2 The Regions reserves are effectively held in a separate account which also includes ring fenced monies from licence fees which are maintained at £80,000. The balance currently held in this account is £254,816 compared to £251,648 at the same point in September 2023.
- 8.3 When considering what should be considered as being set aside for reserves, we have considered the following elements.
 - Accommodation
 - Office costs
 - Website costs
 - Staffing
 - Admin and Governance
- 8.4 The total of the above items in 2025 will be approximately £147,000 derived from any element where there is a contractual obligation.
- 8.5 Based on maintaining reserves equivalent to six months funding, the region should maintain a reserve fund of at least £73,500 compared to £69,563 in 2024. In addition to this it is also suggested that an additional sum is retained as part of the reserves for any short-term contractual commitments entered into during the course of the financial year as well as an element for contingencies.

Recommendation

It is recommended reserves are maintained at £80,000 and set aside as the Swim England South West Regions reserves.

Agreed Unanimously
